Equine Canada has not released its Olympic selection criteria or a leaderboard. The average of the four highest Grand Prix level scores—a minimum of two Grand Prix scores and the other two can be Grand Prix or Grand Prix Special—can be included from the beginning of 2016 to 9 a.m. July 4. According to the selection criteria, each submitted score must be 68% or better.

Unofficial standings of Grand Prix and Grand Prix Special results as compiled by dressage-news.com for combinations with scores of at least 68% (lower scores dropped are in light type).
